Event: Land Marine's 30<sup>th</sup> Anniversary – Sports Day

Component held on Saturday 03<sup>rd</sup> August 2024

---

## **PRESS RELEASE**

### **Celebrating Unity and Sportsmanship with a stakeholders' Sports day**

In commemoration of Land Marine Limited's (LML) 30<sup>th</sup> Anniversary, an inter-organisation sports day was held at the Mont-Fleuri Sports Complex, on Saturday 3<sup>rd</sup> August, bringing together the enthusiastic participation of six stakeholders, including the participation of Seychelles Ports Authority (SPA).

The day kicked off with a relay to set the tone for an energetic and competitive atmosphere, with participants showcasing their athletic prowess.

The event featured various competitive sports activities such as football, volleyball, basketball, domino and dart competition to traditional sack race and tug of war and other team building activities towards the end of the day.

Some of these games emphasised teamwork, strategy, and coordination allowing colleagues to work together towards a common goal outside of their usual work environment. The sports day significantly boosted team spirit and morale within participating organisations. Employees got the opportunity to bond in a relaxed and enjoyable setting, fostering stronger professional relationships.

The closing ceremony featured the distribution of awards to the winning teams and outstanding performers. Recognizing participants' efforts and achievements added a sense of accomplishment and motivation for future events.

The SPA team came out first and second place in the dart competition, second place in the football competition, second place in the volleyball match and clinching first place in the basketball competition with our very own basketball star, Dean Zelime, voted as top scorer in the tournament. When the overall results were announced, SPA came out third after Mahe Shipping and Land Marine Ltd, which came out second and first respectively.

As organisations look forward to the next sports day, the positive impact of this event will continue to resonate, inspiring a culture of wellness and collaboration in the workplace.

Inter-organisation sports day is more than just a day of fun and games, it is a celebration of harmony and sportsmanship by bringing together diverse groups of people. The event reinforced the values of teamwork and mutual respect.

Other stakeholders who participated in the event were Mahe Shipping Company, Seychelles Revenue Commission, Hunt Deltel and Societe Seychelloise de Navigation.
