

MEMO

The Seychelles Ports Authority has been receiving increasing concerns from the general public and Port Employees in general on the issue of Political symbols and memorabilia in all forms, manners and dimensions within the Port Area.

Taking into consideration that all Port Areas are restricted jurisdictions under the responsibility of SPA, it is the duty of the Authority to maintain safety, security and discipline at all times.

Therefore, **with immediate effect**, the Seychelles Ports Authority is imposing restrictions on all displays of Political symbols or memorabilia inside all premises under its jurisdictions.

The Seychelles Ports Authority remains committed to the efficient operations of the Port Areas and looks forward to your understanding and full cooperation.
